

KIDS EE Changes a Young Life

This single parent told of her son's anger and frustration until he enrolled in KIDS EE. She says she can't believe he is the same child, who now encourages her to trust God in all things and to also be a soul-winner. Her wonderful 10-year-old son was delighted to receive his KIDS EE Completion Certificate at the Clinic Graduation Ceremony.

Sowing Seeds in Stony Ground

Xiu-Ling Lioa is returning to her native Myanmar (Burma) to share the Good News of Jesus Christ. Foreign missionaries are not allowed in Myanmar, a country ruled by a repressive military government, the Tatmadaw. Xiu-Ling plans to return to Myanmar as a missionary. There are many Mandarin speaking people in Myanmar and as a citizen, she is able to evangelize. She asked for prayer as she returns home after she completes her studies in Taiwan to share and teach about Christ in this land that she said has very stony ground, rooted strongly in Buddhism.

Career Change Bring Eternal Opportunities

Jia-Zheng, dubbed "Little John" was an attorney by trade and a family man with four children. He left the legal profession when he found it difficult to share the Gospel during the course of his work. He said, "Everyone was always fighting and not listening." Now more than 350 children rotate through his Christian Education classes every four months. He is excited to use KIDS EE with these students.

KIDS EE: A Work in Progress

It is always a work in progress by God's Spirit, as the team members work together in training, translation, and contextualizing the KIDS EE material. Thanks to the efforts of EE Taiwan, the clinic and materials are prepared for the many who are asking for this training across Taiwan.

Don demonstrates Christ in "The Infinite God-Man" skit

The Bible says, "In the beginning was the Word, and the Word was with God, and the Word was God. . . and the Word became flesh and dwelt among us."

John 1:1 & 14. The skit demonstrates that Jesus is God. He came down from Heaven to earth to become a man, but He was still God. Jesus then does what only He could do; live a perfect life, die on the cross and pay the penalty for our sins. Hallelujah!

KIDS EE teaches how the Gospel of Jesus Christ can be shared through skits, crafts and interactive movement. It's fun, it's practical and full of the joy of Christ!

Big ears and glasses are made so that we remember to LISTEN and LOOK at what God says in Scripture, what we say to each other, and to what the children are saying to us.

Suzy demonstrated making puppets with chopsticks, including pictures of herself and her two daughters for practice in sharing the Gospel.

If you Play with the Kids, You can Pray with the Kids! Pastor Peter showed his childlike heart as he played during the Clinic.

Man can't be perfect because his heart is chained with sin. The Bible says, "For all have sinned and fall short of the Glory of God." Romans 3:23

. . . and a little child will lead them.

Isaiah 11:6b

Elder SS Chuang took these young people trained in KIDS EE to the National Presbytery Meeting that was being held in Taipei at the same time as the KIDS EE Clinic. He challenged the Presbytery for 10,000 new Christian believers from across Taiwan. They asked, "How can we do this?" He said, "With Evangelism Explosion!" Then the kids showed them how they shared their faith using KIDS EE. The pastors were stunned and excited. EE Taiwan asks that you pray for a revival in their country and that the churches will accept this challenge.

Power Packed Clinic

It was a high powered clinic with Taiwan's EE Director, Elder SS Chuang and his wife Shu-Jin; the Taiwan EE Chairman of the Board, Pastor Peter Hseih and his wife Grace Ji; and the past EE Chairman of the Board's wife Ji-Ying participating in the KIDS EE Clinic.

Your Prayers and Financial Support Make This Work Possible:

- KIDS EE Clinic-Philippines in March 2004
- Adult and KIDS EE Clinics in Haiti
- KIDS EE Chlinc in Belize
- July and November into Southern Sudan. With his new appointment in January 2004 as the Southern Sudan Country Coordinator for EE, Don plans on making two trips into Southern Sudan this year. With your help, Suzy plans on accompanying him on one trip to work with Women's Ministry. Rev. Paul Hurst is scheduled for the November trip. You will be helping facilitate the ministry that was started in 2000.
- Upgrading your laptop? There is a huge need for more than 100 laptop computers (older models welcome) to be used in Haiti by the EE volunteers. Contact us if you have any available.

Warren Mission News

Touching Lives by Telling and Teaching the Good News of Jesus

February 4-8, 2004 TAIPEI, TAIWAN

The First KIDS EE Clinic in Taiwan

Where Christians number less than 3%.

The U.S. team knows that success depends on prayer.

It's All In God's Plan

It started in God's Providential plan when Don and Suzy Warren stood along side Jean Yao in December 1993 to join Coral Ridge Presbyterian Church in Fort Lauderdale, Florida. Soon they were all enrolled in the ministry of Evangelism Explosion at the church. They didn't know that their lives would continue to be woven together.

In traveling back to Taipei, Taiwan, the city of her birth. Jean Yao was at home, teaching and translating the first KIDS EE Clinic along with the Warrens.

YA-WEI CHEN

She is so litte, but she teaches so big!

Ya-Wei is a 30 year old school teacher who looks like a student herself. Two years ago Ya-Wei attended a KIDS EE Clinic at CRPC taught by Miss Susie Miller and Don Warren. Ya-Wei returned to Taiwan to translate the material and train the first group of children's workers and children in KIDS EE. She then helped conduct and teach this Clinic. It was a wonderful reunion for Ya-Wei and the Warrens to work together again.

KIDS EE logos were dancing in the park across from the church, much to everyone's delight!

Ya-Wei and her husband, Yao Ting, touch the lives of children through KIDS EE at Shin-Lin Church.
