

*Many of you have already seen our testimony. But for those who haven't, please allow us to share it with you. It is a testimony to God's grace and mercy in our lives. Even as we watch this today, we are still in awe of what God has done to change the direction and purpose of our lives. There is also a slide show of Southern Sudan that will help you see some of those you have been helping.*

*Thank you for helping us be faithful.*
